Marbach received his Bachelors Degree in 1976 and started working for a dental lab waiting to start dental school. He had a great passion for dental technology and decided to stay in the lab business. Eight years later, he founded Authentic Dental Lab in San Antonio, Texas. Marbach is a Past Board of Directors at The Pankey Institute and is a Board Certified Dental Technician currently working on his Masters in dental technology. He has over 35 years of dental experience. Bob received his Technical Certificate of Completion from the Pankey Institute and is a past member of the Advisory Board for The Canadian Journal of Dental Technology. He is also a member of the prestigious TEREK Group, a technical research consortium. Bob has lectured internationally

for many years and his lecture has received approval from the Academy of General Dentistry. He has also received his Fellowship in the Academy of Dental Facial Esthetics and received the National Association of Dental Laboratories Inventor's Award for developing and patenting the "Shade Wand", a shade-taking light used by dentists worldwide. Most recently, Bob was inducted into the American Society For Advanced Dental Esthetics.
