He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. While at the University of Texas, Dr. Sepilian received a Master of Science degree in Reproductive Medicine studying the impact of nutrition on reproductive health. Dr. Sepilian is the founder and medical director of American Fertility Specialists Medical Group and practices in Los

In 2010, Dr. Sepilian was instrumental in launching the inaugural Glendale Health Festival and served as the Chairman of the organizing committee for the first two years. In 2012, Dr. Sepilian presided over a collaborative effort with colleagues in Canada of the ACMAO to train, staff and equip the Women's Health Clinic in Stepanakert, Artsakh. This collaborative effort by the AAMS, ACMAO, and the Ministry of Health of Karabagh continues to operate and provide preventative and essential health care to women free of charge. In 2013, as president of the AAMS, Dr. Sepilian Chaired the 11th Armenian Medical World Congress, a quadrennial international multispecialty conference that was very well attended and was one of the most successful ones to date.
