Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health

care professionals. The program also provides viewers with information about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
