Covered California, What You Need to Know

Guest:

Virginia Nersesyan

Ms. Nersesyan is a Certified Financial Educator. She currently holds a Series 6, series 63, Life & Health License with a designation of CFEd with Heartland Institute of Financial Education. She also has a private practice as a Registered Representative with Transamerica Financial Advisors, Inc. for the past 15 years (May of 2000). Ms. Nersesyan operates from 5 locations and has built a business that now is represented by over 175 licensed agents/associates. Her practice is well diversified in the platform of services with a large portion dedicated to the Health Care Reform through Covered CA. She, along with her team, is a certified agent through Covered California able to assist in processing; submitting & administering all applications in helping them go through the approval process.

"Your Health" host **Dr. Vicken Sepilian** is a current board member and Past President of the Armenian American Medical Society. He is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine in Philadelphia and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. Dr. Sepilian currently practices in Los Angeles and in Glendale.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health care professionals. The program also provides viewers with information about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
