**New Updates in Treatment of Cholesterol and
Modifying Heart Disease**

Guest:

Harry Balian MD, FACC, FSCAI

Dr. Balian received his MD degree from Chicago Medical School in 1997. He completed his Internal Medicine Residency at the University of California, Irvine where he also served as Chief Resident. He completed his Cardiology fellowship at the University of California, Irvine where he served as Chief Fellow. Dr. Balian completed his Interventional Cardiology and Vascular training at the George Washington University in Washington DC. Dr. Balian specializes in the treatment of heart disease, coronary artery percutaneous interventions and pacemaker insertions. He also performs peripheral vascular interventions including carotid stents, endovascular abdominal aortic aneurysm stents, renal stents and lower extremity angioplasties. He is board certified in Internal Medicine, Cardiovascular Diseases, Nuclear Cardiology, Interventional Cardiology and Vascular Medicine. Dr. Balian is the director of the Cardiac Cath Lab and Chairman of Cardiology at Glendale Adventist Medical Center. He is a member of the Executive Committee of the Armenian American Medical Society since 2006, fellow of the American College of Cardiology, the Society of Coronary angioplasty and Interventions and the American Heart Association.

Vicken Sepilian, MD FACOG

"Your Health" host Dr. Vicken Sepilian is a current board member and Past President of the Armenian American Medical Society. He is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine in Philadelphia and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. Dr. Sepilian currently practices in Los Angeles and in Glendale.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in

improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health care professionals. The program also provides viewers with information about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
