

Topic: Screening for Breast, Prostate & Colon Cancers

Guest: Boris Bagdasarian, DO

Dr. Boris Bagdasarian was born and raised in Montebello, California and attended the Armenian Mesrobian School. He continued his undergraduate studies at the University of Southern California. His medical school training was conducted at the Western University of Health Sciences where he graduated Magna Cum laude.

Dr. Bagdasarian was chief resident in Internal Medicine at the White Memorial Medical Center and continued to specialize in Hematology, Oncology and Bone marrow transplantation at the renowned City of Hope National Medical Center and UCLA where he was chief fellow.

Dr. Boris Bagdasarian is the managing partner of the Los Angeles Cancer Network, which is among the largest Hematology and Oncology Groups in Los Angeles County. He is currently President of the Los Angeles County Medical Association, District 4. He is Chairman of the Cancer Committee, Chairman of Internal Medicine, Governing board member, and Secretary/Treasurer of medical staff at the Glendale Adventist Medical Center. He served as an advisor and past president of the Armenian American Medical Society of California. Serves on the board of the Armenian Bone Marrow Registry.

Dr. Bagdasarian was recognized among the top oncologists in the United States by the Scientific Research Council of America from 2007-present. He is an Associate Professor of Medicine at USC. Dr. Bagdasarian is actively involved in cancer research, in which he has been the principle investigator and co-investigator of numerous publications. Dr. Bagdasarian is a consultant for the media, appearing on ABC, CBS and CNN news.

Vicken Sepilian, MD MS FACOG

"Your Health" host Dr. Vicken Sepilian

currently serves as the President of the Armenian American Medical Society of California. He is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine in Philadelphia and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. Dr. Sepilian currently practices in Los Angeles and in Glendale.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The show provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health care professionals. The show also provides viewers with information about the AAMSC and our activities in California and Armenia. The AAMSC encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMSC doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
