

Topic:

Exploring Headaches

Guest:

Grigor M. Harutunian, MD

Dr. Harutunian is a board-certified neurologist and clinical neurophysiologist who specializes in the diagnosis, management, and treatment of a variety of neurological disorders, which include but are not limited to stroke, memory loss, seizures, nerve and muscle disorders, dementia, multiple sclerosis, headache disorders, sleep disorders, pain syndromes, traumatic brain injury, and various neoplasms. Dr. Harutunian obtained his medical degree from the Chicago Medical School. He completed internship in Internal Medicine at the UCSF Medical Center, residency in Neurology at the USC/Los Angeles County Medical Center and fellowship in Clinical Neurophysiology at the Keck Hospital of USC. Dr. Harutunian is fellowship trained in electrodiagnostic medicine, which includes electromyography/nerve conduction studies (EMG/NCS) for the diagnosis of peripheral nervous system disorders and electroencephalography (EEG) for the diagnosis of epilepsy and other central nervous system disorders.

Dr. Harutunian has presented his research at multiple American Academy of Neurology conferences. He is a patient advocate who provides quality evidence-based care and is dedicated to extending his academic knowledge to his community.

"Your Health" host Dr. Vicken Sepilian is a current board member and Past President of the Armenian American Medical Society. He is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine in Philadelphia and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. Dr. Sepilian currently practices in Los Angeles and in Glendale.

Vicken Sepilian, MD FACOG

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health care professionals. It also provides viewers with information about the Armenian American Medical Society (AAMS) and its activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
