

***Topic: Back to School Health Tips We All
Need to Know***

Guest: Manuel Momjian, MD

Dr. Manuel Momjian graduated from the University of Southern California, Keck School of Medicine. Thereafter, he completed his medical training at the UCLA/Kaiser Foundation Hospital, Family Medicine Residency Program and he is board certified in Family Medicine. Dr. Momjian established and is the current lead physician at Urgent 9, Urgent Care center in Glendale California, which is designed as a cost-effective alternative to expensive and over-crowded emergency rooms. This premier facility is equipped with private cardiac monitored beds and a state-of-the-art imaging center. Dr. Momjian is the current vice-president of the Armenian American Medical Society and the past chairman of the organizing committee of the Glendale Health Festival.

Vicken Sepilian, MD FACOG

"Your Health" host Dr. Vicken Sepilian is a current board member and Past President of the Armenian American Medical Society. He is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine in Philadelphia and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. Dr. Sepilian currently practices in Los Angeles and in Glendale.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bi-lingual health care professionals. The program also provides viewers with information about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local

social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
