Armenian American Medical Society

Presents

"Surgical-Restorative Success by Design"

Special Guest Educator

Nader Salib, DDS

Oral & Maxillofacial Surgeon

Clinical Associate Professor, University of Southern California

Date: Tuesday, March 13, 2018 @ 7 PM

Place: Phoenicia Restaurant

343 N. Central Avenue

Glendale, California

Target Audience: Dental Healthcare Professionals

COURSE OVERVIEW

This course is designed to educate clinicians on the digital workflow introducing biologically driven implant dentistry and its role in the general dentistry practice.

Participants will be exposed to treatment planning concepts designed to achieve optimal results and how to present treatment options to the patient in a manner the patient can understand and that sets realistic expectations for treatment outcomes.

Dr. Nader Salib received both His undergraduate and dental degrees from the University of Southern California and completed his Oral & Maxillofacial Surgery training at Indiana

University. He is the recipient of the International Hatton Award for his previous research endeavors. His current research focuses on comprehensive digital application and utilization for implant dentistry. He has authored numerous articles and lectures internationally. Dr. Salib maintains a private practice in Orange County, California.

AAMS Members: free admission. Nonmembers: \$30 per person. Accommodations for disabled.

RSVP by March 5, 2018: email info@aamsc.com or Tel (818) 980-7777.

- The Armenian American Medical Society is accredited by the Dental Board of California to provide continuing dental education. The Armenian American Medical Society designates this live activity for maximum of (4) hours of Continuing Dental Education.
