Let's Talk Men's Health During Movember November with Dr. Armen Kassabian

Dr. Kassabian specializes in urology. He received his medical degree from the University of Southern California, School of Medicine and completed his urologic residency at the prestigious Mount Sinai Medical Center in New York. Dr. Kassabian has published in peer reviewed journals and has presented at meetings both locally and nationally. Dr. Kassabian's clinical areas of expertise include minimally invasive prostate therapy, male and female urinary incontinence, infertility, kidney stones, erectile dysfunction, male sexual dysfunction, benign prostate enlargement and cancers of the prostate, bladder, kidney, penis, and testicles. His sub-specialty experience includes extensive research on the molecular genetics of male infertility and in caring for the complex issues involved in the difficult to treat infertile couple with significant male factor issues. Dr. Kassabian's state of the art practice focuses on minimally invasive techniques, procedures, and laparoscopic surgery in a caring and compassionate environment. Dr. Kassabian is a member of the Alpha Omega Alpha Honor Medical Society, American Urologic Association, the Western Section American Urologic Association, the American Association of Clinical Urologists, and the Endourological Society. Dr. Kassabian is certified by the American Board of Urology. As a urologist, Dr. Kassabian is dedicated to providing the finest quality care for his patients in a supportive and friendly environment. He respects the diverse needs of his patients and makes every effort to ensure they are addressed. Dr. Kassabian is a member of the medical staffs of Providence St. Joseph Medical Center, Adventist Health Glendale, and Dignity Glendale Memorial Hospital and Health Center providing quality care in urology.

"Your Health" host Dr. Vicken Sepilian is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. While at the University of Texas, Dr. Sepilian received a Master of Science degree in Reproductive Medicine studying the impact of nutrition on reproductive health. Dr. Sepilian is the founder and medical director of American Fertility Specialists Medical Group and practices in Los Angeles and Glendale. Dr. Sepilian is the former President of the Armenian American Medical Society (AAMS). In 2008, he launched the AAMS "Your Health" Community Education Program that continues to air live on TV making house calls to countless Armenian households. In 2010, Dr. Sepilian was instrumental in launching the inaugural Glendale Health Festival and served as the Chairman of the organizing committee for the first two years. In 2012, Dr. Sepilian presided over a collaborative effort with colleagues in Canada of the ACMAO to train, staff and equip the Women's Health Clinic in Stepanakert, Artsakh. This collaborative effort by the AAMS, ACMAO, and the Ministry of Health of Karabagh continues to operate and provide preventative and essential health care to women free of charge. In 2013, as president of the AAMS, Dr. Sepilian Chaired the 11th Armenian Medical World Congress, a quadrennial international multispecialty conference that was very well attended and was one of the most successful ones to date. Dr. Sepilian currently serves on the Continuing Medical Education Committee, focusing his efforts on enhancing the experience for members.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care,

and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bilingual health care professionals. The program also provides viewers with information about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
