When to Seek Medical Care in an Urgent Care Center vs the Emergency Room

Guest:

Artin Massihi, MD

Dr. Artin Massihi is a Board Certified Emergency Room Physician. Emergency Physicians are qualified to diagnose, assess, and treat patients with acute trauma, illness and other life threatening conditions. Dr Massihi has worked in level 1 as well as Level 2 trauma centers in many Emergency Rooms in the Los Angeles and Kern County regions. He received his undergraduate degree at the University of California at Irvine and attended Medical School at Loma Linda University. He then pursued internship training in General Surgery at the University of Southern California, and residency training in Emergency Medicine and Trauma at Kern Medical Center, an affiliate of the University of California at Los Angeles. Dr Massihi is also an Entrepreneur. He and his business partner Dr Daniel Erickson own the Accelerated Health Franchise, consisting of Accelerated Urgent Care, Accelerated Occupational Health and Accelerated Family Medicine. They have facilities throughout multiple cities and counties in the state of California. Dr Massihi is a fellow of the American Academy of Emergency Medicine and a proud member of the Armenian American Medical Society. He is also passionate about the Armenian Cause and helping those less fortunate globally.

"Your Health" host Dr. Vicken Sepilian is board-certified in Reproductive Endocrinology and Infertility, as well as Obstetrics and Gynecology. He completed his residency in Obstetrics and Gynecology at Drexel University College of Medicine and his fellowship in Reproductive Endocrinology and Infertility at the University of Texas. While at the University of Texas, Dr. Sepilian received a Master of Science degree in Reproductive Medicine studying the impact of nutrition on reproductive health. Dr. Sepilian is the founder and medical director of American Fertility Specialists Medical Group and practices in Los Angeles and Glendale. Dr. Sepilian is the former President of the Armenian American Medical Society (AAMS). In 2008, he launched the AAMS "Your Health" Community Education Program that continues to air live on TV making house calls to countless Armenian households. In 2010, Dr. Sepilian was instrumental in launching the inaugural Glendale Health Festival and served as the Chairman of the organizing committee for the first two years. In 2012, Dr. Sepilian presided over a collaborative effort with colleagues in Canada of the ACMAO to train, staff and equip the Women's Health Clinic in Stepanakert, Artsakh. This collaborative effort by the AAMS, ACMAO, and the Ministry of Health of Karabagh continues to operate and provide preventative and essential health care to women free of charge. In 2013, as president of the AAMS, Dr. Sepilian Chaired the 11th Armenian Medical World Congress, a quadrennial international multispecialty conference that was very well attended and was one of the most successful ones to date. Dr. Sepilian currently serves on the Continuing Medical Education Committee, focusing his efforts on enhancing the experience for members.

Featuring physicians and health care professionals whose areas of practice cover the entire spectrum of allied health care, "Your Health" is a dynamic resource for viewers interested in improving their health. The program emphasizes the importance of preventative care, and focuses on how people can maintain a healthful lifestyle. The program provides an opportunity for the Armenian community to address their concerns with the counsel of bilingual health care professionals. The program also provides viewers with information

about the AAMS and our activities in California and Armenia. The AAMS encourages individuals to contact local social workers to learn whether they are eligible for health insurance. AAMS doctors and nurses encourage their patients to get the insurance they deserve, and to see a physician regularly for the care that they need.
