

Educational Expert Series Webinars on Various Aspects of COVID-19

COVID-19 CME Expert Series

Please join us for these educational and dynamic exchanges of the latest information and hands on knowledge by experts from the front lines of the fight against this global Pandemic.

AAMS' mission is to promote excellence in health care and to cultivate professional development through service and education to its members and the Armenian community in the Diaspora and homelands.

We will be using Zoom as a virtual webinar platform which has both video and audio capabilities. Please download and familiarize yourself with Zoom to ensure your smooth and effective participation in the webinar.

If you have any questions or comments, please e-mail info@aamsc.org directly prior to the webinar by 5 pm PST today so that we can help ensuring optimal connectivity. We will be free and available all day today. Below you will find the information and link to the webinar.

The Latest on the COVID-19 Pandemic from New York City

Monday, April 6 | 7:00 PM PST | Duration: 1 hour

Presented by: Tsoline K. Kojaoghlanian, MD, Pediatric Infectious Diseases Specialist

Tsoline Kojaoghlanian, MD is a graduate of the American University of Beirut. She is a pediatric infectious disease specialist and is board certified in pediatric & pediatric infectious diseases. She is an associate professor of pediatrics & pediatric infectious disease who recently moved from the Children's hospital at Montefiore to Maimonides Children's hospital, both in New York City.

COVID-19 | SARS CoV-2

Monday, April 6 | 6:00 PM PST | Duration: 1 hour

Presented by: George Melikian, MD, MPH, Infectious Diseases Specialist and Professional Statistician

George Melikian, MD, MPH is a Board certified physician (in infectious diseases and internal medicine), medical director, and professional statistician. He received his masters degree in infectious disease epidemiology and biostatistics from Yale University and his medical degree from New York Medical College. He completed his medicine residency at the University of Rochester, Strong Memorial Hospital, and his specialty training in infectious disease medicine at Stanford University School of Medicine. Since that time, he has practiced medicine in several roles. Serving as attending physician regional medical director for AIDS Healthcare Foundation, he has successfully managed over 40 specialty clinics in HIV/AIDS healthcare. He is also Principal Investigator on numerous clinical research studies. Dr. Melikian is currently director of infectious disease at Facey Medical Group.
