Lucy Hallajian, DDS

**Monday, November 28, 2022 | 7:00 p.m.**  
Phoenicia Restaurant  
343 N. Central Avenue, Glendale

Presented by  
**Marianne Demirdji, DDS, MA**

Dr. Marianne Demirdji is an orthodontist practicing in Glendale, CA. She completed her dental school training at Loma Linda University School of Dentistry in 2016. She then completed her orthodontic training at the University of California at San Francisco in 2019. She additionally completed her Master's degree in 2019 with her thesis entitled "The Role of Osteocytes in Temporomandibular Joint Diseases." She currently works in her private practice with her father, an orthodontist, Dr. Samuel Demirdji, at SDOrthodontics

Glendale and SDOrthodontics Highland, and other offices in Southern California. As an orthodontic specialist, she treats patients of all ages with braces and clear aligners and also offers lingual braces options at her practice. She is a part-time clinical faculty at the University of California at Los Angeles for orthodontic residents. Working with her father at SDOrthodontics, they provide the community with the beautiful and confident smiles they all deserve to have in life.

Presented by  
**Lucy Hallajian, DDS**

Dr. Lucy Hallajian is board certified by the American Board of Pediatric Dentistry. She earned her undergraduate degree in Biological Sciences from the University of California Irvine and, thereafter, obtained her Doctorate of Dental Surgery from the University of California San Francisco, where she was the recipient of the ADEA Preventive Dentistry Scholarship. She moved back to Southern California and obtained her certificate in pediatric dentistry at the University of Southern California. During her program, she spent a year at Children's Hospital Los Angeles, specializing in the oral health care of medically compromised children. Her passion for teaching led her to become an associate professor at The Herman Ostrow School of Dentistry and Attending Dentist at Children's Hospital Los Angeles, where she presently trains residents and focuses on children with special health care needs. Dr. Hallajian

is a published author focusing on lasers as a tool for early caries detection. She is a member of the American Academy of Pediatric Dentistry and the California Society of Pediatric Dentistry. She is currently in private practice in the Los Angeles area and on staff at Children's Hospital Los Angeles.
